

Tom Hager
Senior Construction Manager/Owner
Food Systems Design, Inc.
(4/3/92 to Present)

CAREER EXPERIENCE:

Background experience includes 35 years in the food process and plant construction. This experience has been in all areas of food operations and engineering design. The level of experience comes from involvement with many different food plants and several different food products. These products all involved different food processing and packaging methods.

Processing background includes the following product areas:

- * Bakery Goods
- * Cereal
- * Cereal Bars
- * Cheese
- * Cookies
- * Dough
- * Dry Mixes
- * Pastas
- * Potatoes
- * Snacks
- * Vegetables

PROFESSIONAL POSITIONS:

Currently employed with Food Systems Design, Inc. as a Senior Construction Manager.

Worked for over 20 years with Green Giant/TPC in vegetables and held the following positions:
Sr. Designer
On-Site Construction Manager

Engineering Consulting has involved the following management areas:
Vice President
Senior Construction Manager/Owner

EDUCATION:

B.S. – Business Administration/Construction Management – Mankato State Univ., Mankato, MN.
Construction Management – Professional Development – Univ. of Wisc. - Extension

SUMMARY:

Career strength is in leading projects involving vegetable processing and canning. Utilizing good engineering, communication and organization including on-site facility construction management, contractor coordination, process equipment design, vendor interface, cost estimates, and scheduling. This has led to project installations and start ups that are on time and within budget.
